

ONEDEFINED – Biography

ONEDEFINED delivers high-energy club tracks with his own vocals, driving grooves and pure dancefloor energy. His sound moves between house roots and techno intensity: from build-up to peak-time, rolling, raw and club-focused – built to get the dancefloor moving, rather than to fit into one genre.

With dozens of independent releases on his own label FACK IT RECORDS®, ONEDEFINED has built an extensive catalogue and a clear artistic world around sound, freedom and rave culture.

Since 2016, his clothing has been worn worldwide, while fans can also buy and download his music directly through the label website. This brings music, apparel and club culture together in one self-built world with a clear message; Fack It.

In 2026, ONEDEFINED continues to push his vision further towards clubs, festivals and high-energy crowds worldwide.
